Re: Submission – Our Space 2018-2048: Greater Christchurch Settlement Pattern Update

The Central City Business Association is apposed to the proposed changes to the Greater Christchurch settlement plan as we believe it will seriously undermine the recovery of Christchurch and in particular the rebuild and revitalisation of greater Christchurch's Central City.

Greater Christchurch's Central City requires appropriate scale to create vibrancy and maintain its unique position as the Central City for the greater Christchurch area. Any proposed development that undermines that position we believe should not be supported.

The Central City Business Association would like it to be noted that we fully support the ChristchurchNZ / DCL submission to this review.

Regards
